## Multivitamin

### Yummy Gummy Bear

Vitamins and minerals are essential nutrients that the body needs in order to function properly. They are essentially important in promoting healthy growth and strong immune system in children. Yummy Gummy Bear provides a balanced combination of essential vitamins and minerals to fulfill your children's daily nutritional requirements. While being supplemented with nutrients that may be missing from their daily diet, the children will also enjoy the great tasting fruit flavours of these gummies.

#### Benefits:

- ✓ Provides essential vitamins and minerals for healthy growth and development in children.
- ✓ Provides antioxidants (vitamins A, C and E) that help boost the immune system.
- ✓ Contains no gelatine or other animal ingredients; perfectly suitable for vegetarian or vegan diets.

## Calcium

### Calcium with Vitamin D3

Calcium is an essential mineral that plays an important role in the development and maintenance of bones and teeth.

The additional of vitamin D, which helps the body absorb and use calcium, is also necessary for building strong bones in growing children. Children Calcium with Vitamin D3 has been specially formulated with great tasting natural fruit flavours. It is a great way to help your children meet their daily calcium and vitamin D requirements.

#### Benefits:

- ✓ Provides Calcium and Vitamin D to help build and maintain strong bones and teeth.
- ✓ May help reduce the risk of osteoporosis later in life.
- ✓ Contains no gelatine or other animal ingredients; perfectly suitable for vegetarian or vegan diets.

**Note:** These products must not be used to substitute a balanced, varied diet.

## Omega 3

### Omega 3 with DHA + EPA

Omega-3 fatty acids, including DHA and EPA, support the development of the brain, nerves and eyes in growing children. They have been shown to help improve memory, concentration, learning abilities and vision. However the human body cannot manufacture these fatty acids so they must be obtained from diet or supplements. Omega-3 gummy is sourced from high quality fish oils rich in DHA and EPA. It has been specially formulated with great tasting fruit flavours and does not have the fishy taste present in most fish oil products.

#### Benefits:

- ✓ Provides support in the development of the brain, nerves and eyes in growing children.
- ✓ Helps improve cognitive abilities such as memory, concentration and learning.
- ✓ Helps stabilize mood and promote healthy mood balance.
